

System Engineering

Increases Company Profits with Efficient Energy Use, Energy Saving, and Energy Creation

Optimal System for Diverse Application

- Application**
- Printing
 - Papermaking
 - Plastic molding
 - Fluid machinery
 - Transport & transfer

System Engineering

Energy Saving (AC Drive)

- Medium-voltage AC drive
- Medium-voltage matrix converter
- Super energy-saving motor (IPM)

FSDrive-MX1S

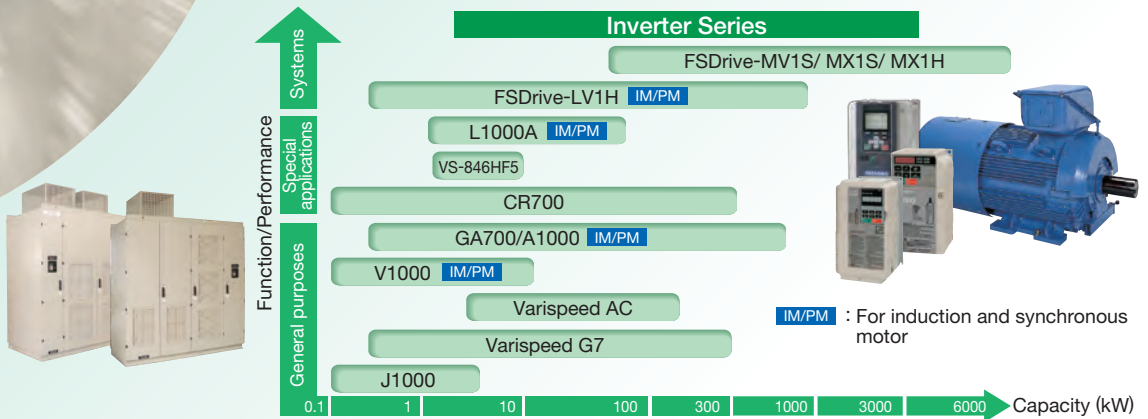

FSDrive-MV1000

CP3550

Inverter Drive

Servo Drive
